

Hello Haymaker families!

We are excited to let you know that yesterday Governor Wolfe announced that outdoor swimming pools may open, even while Allegheny County remains in the Yellow phase, provided we follow CDC guidelines. With all of the unknowns of the past several months, we have been taking conservative steps to prepare the pool. Since this new development from the state yesterday we will now work diligently to complete all work and open the pool to our members. We are targeting June 6th as our opening date!

Our first priority in opening the pool is the safety and well being of our members and families. Many of you are familiar with the CDC guidelines, and we will be working with the Allegheny County health department over the next two weeks to ensure we are following all measures needed. We will update our members with the guidelines the health department will expect us to follow while Allegheny county is in Yellow phase and Green phase. We will also post these at the pool. We are very lucky to be an outdoor facility with open space and a large pool for our members to enjoy! Please keep an eye out for updates on our website and in your email.

Thank you,
Haymaker Board
