

# Haymaker Pool

## Spring 2017 Newsletter

### **URGENT NEED**

All good things eventually come to an end, and many of the families who have been serving on the board at Haymaker are rolling off at the end of this season. To continue to operate this pool, a new board is needed.

Talk to your family, talk to your friends, then jump on board now to train this year. All positions will be open next year.

There are positions requiring knowledge of the pool and others that do not. There is something for everyone, trust us. The pool is in great shape, we are leaving a gem and are sad to go, but it's time for new blood and new ideas.

Do you love Haymaker and can't imagine summer without it? Consider joining the board and make Haymaker even better!

### **help wanted**

The pool is in need of a certified pool operator (CPO). This volunteer position reviews and signs off on pool operations, such as the handling of the chemicals. To get certified, you must take an *open-book* exam covering pool operations. The certification lasts for five years and the pool cannot operate without a CPO. Please consider taking on this task for Haymaker.
