

Hello Haymaker families,

We hope that you are all staying safe and healthy during this unprecedented time in our country. We wanted to touch base with the members of Haymaker in light of the Covid-19 pandemic.

First and foremost, it is fully our intention to open the pool this summer. We will prepare the pool for opening during the spring, with a few adjustments. With the current stay at home order, the April 25th work day is cancelled. We will update work days when the statewide stay at home order is lifted. If you have some free time and are able to come to the pool and do some preparations for the summer (weeding, cleaning, Etc), please contact Haymakerpool@yahoo.com. We can make arrangements to have the gates open and any equipment needed available for you, with no contact. Remember that 4 hours of work from any family member 16 and over satisfies the volunteer fee (so if a husband and wife spend 2 hours at the pool together preparing for opening, that is your 4 hours!)

We intend to open Saturday May 23rd, but this could obviously be delayed based on the guidelines set forth by the Governor. We will still offer an early bird membership for members joining prior to May 15th. If we are unable to open by June 1st due to a continued stay at home order, we will adjust membership rates as is appropriate based on the opening date. Any members that have already paid will be given the adjustment accordingly. We will continue to update the membership as the summer draws closer. We hope that you all stay safe and healthy and we look forward to a much needed summer at the pool! Please do not hesitate to reach out with any questions.

Thank You,

Haymaker Board
